

Community Partners

“Never doubt that a small group of thoughtful, committed citizens can change the world.” Margaret Mead

Many people ask – how can I help? There are many ways to help CASA fulfill its mission of providing trained advocates for foster children. One way is to become a Community Partner.

Community Partners are vital to CASA and the children we serve. Our partners help spread the word about CASA and the need for more child advocates by simply:

1. Displaying CASA brochures at their place of business, church, school, club or civic group; and
2. Linking our CASA website, www.klamathfallscasa.org to their website with CASA volunteer opportunities

If you are not able to link CASA’s website to your website, you can become a Community Partner by simply displaying our CASA brochures.

How do our Community Partners help kids? Very simply, our Partners help kids by letting people know there are children who need an advocate. CASA is an evidence-based program. Your partnership means that more children will have a voice in court, spend less time in foster care, receive more appropriate services, have increased self esteem, increased achievement and more success in school. We simply must do all we can for children so they can grow up to be successful, contributing adults in our community.

CASA Partner Benefits include acknowledgment in the CASA Newsletter, acknowledgment at the CASA website, a CASA Community Partner window sticker for your business or organization, a picture for the Herald and News, an annual letter with information on what your partnership has meant to the CASA program and the children we serve, and the knowledge that you are making a lifelong difference for children in Klamath County.

Contact CASA today at 885-6017 or casa@co.klamath.or.us to let us know you would like to become a Community Partner. We will deliver to you your CASA Community Partner window sticker. Thank you for partnering with CASA!
